

ST. JUDE HOUSE COMMUNITY PARTNERSHIP

Since 1995 St. Jude House has been on the forefront of providing critical resources to victims of domestic violence through 24/7 emergency shelter and crisis intervention services, **free of charge**.

This year, as we celebrate **30 years** of providing compassionate care to over **1600** survivors, we invite you to join us. Your partnership allows St. Jude House to continue the mission, expand upon vital programming, and help us to ensure that comprehensive services continue to be available for survivors in Northwest Indiana communities.

Our aim is to ensure **every survivor** has access to the resources they need to rebuild their lives in safety and dignity, **every step of the way**.

Statistically, in the United States, **1 in 4** women and **1 in 9** men will experience intimate partner violence in their lifetime, with Indiana ranking 5th nationally.

While domestic violence can happen to anyone at any time, **95%** of those receiving services at St. Jude House, are considered **economically disadvantaged** women and their children.
